FILE HEADING.

Revision of the Scale of Expre in the Sri Vyasaraja Swami matha at Sosale.

From

The Amildar Supdt in Mysore.

No. 682 Dated 23-11-15 Received 23-11-15

Diary No. 856	Enclos. 1/Sh Spare Copies.	Serial No. 1

BRIEF ABSTRACT OF LETTER.

Submits for sanction a revised scale of Expre in the Sri Vyasaraja Swami Matha at Sosale.

NOTES AND ORDERS.

1) List B shows that the income under the several heads of the matha amounts to Rs 28111-12-1 and an Expenditure of Rs 19110-14-0 has been proposed by the Amildar Supdt

against the existing Expre of Rs 11452-14-6
List A is a Comparative Statement
Showing the existing Expre and that
proposed. The surplus per year will
be Rs 9000.

2) May the scale of Expre Subd by
the Municipality be sanctioned.

Sd
24.11.15.

3) Subd by Mr. member
M. was after a great deal
of management that the Municipality
was prevailed upon to limit himself
to the present figure. All the necessary
services have been provided for
and the Municipality may fairly
be expected to content himself
with the present revision for some
years to come. The proposed revision
may be approved

Sd.
26.11.15.

4) There is a considerable
increase over the previous
Scale, but the income has
also largely increased, thanks

Serial No.

to the more regular communal management. Many of the items (increases to pay of servants) are due to increased scale of wages & prices, and even the revised rates are low enough. The allowances to relatives & dependents of present & past Swamis do not also appear to be extravagant. The increase in the matter of Samaradhane is somewhat large, but the Swami seems to be somewhat of a liberal turn of mind in such matters, & according to usages of Mathas and orthodox opinion, expenditure in this direction is highly commended. The increased grown made for Pathe-

OFFICE OF THE MUZRAI SUPERINTENDENT IN MYSORE.

Dated Bangalore, 23rd November 195

856

1915 16
SECTION Misl
FILE No. 266-15
SERIAL No. 1

From

G. ARAVAMUDU IYENGAR, Esquire, B.A., B.L.,
~~THE~~ MUZRAI SUPERINTENDENT,
IN MYSORE.

To

V. R. THYAGARAJA IYER, Esquire, M.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Revenue Department.

Sir,

I have the honour to submit herewith proposals for the revision of the scale of expenditure in the Sri Vyasaraya Matha at Sosale now under the management of Government. The present scale was sanctioned in Government Order No.2743-5/M.F.398-09 dated 14th May 1910 and provides for an annual expenditure in the Matha of Rs.11,452-14-6. The late Swamigalu during his latter days had urged that the scale was inadequate and that it should be revised. Some enquiry was made but as the internal management of the Matha was not quite satisfactory and the feeding had been stopped for some time, the question of revision was kept in abeyance, pending satisfactory maintenance and regular submission of accounts.

2. The present Swamigalu, after his succession has restored the general Santarpane and a few other services, and has been agitating in the matter of the inadequacy of the provision made for the expenses of the Matha in keeping with its traditional importance. He has addressed a series of Srimukhas in the matter which are herewith submitted for purpose of reference. In the first of these dated 10th July 1915 a scale costing Rs.23,146/- per annum was proposed.

3. As this scale was pitched too high, I proceeded to Sosale in the early part of October last and discussed the situation with the Swamigalu and prevailed upon him to submit proposals costing not more than about Rs.18,000/- which would leave a sufficient margin to improve the estate and build up a surplus fund to meet the extraordinary calls of the Matha. The Swamigalu again submitted revised proposals with his Srimukha dated 18th October 1915 which however exceeded the money limit fixed at the meeting by about Rs.3000/-. A further representation was made and as the result of it, the Swamigalu has further modified his demands and in his final Srimukha dated 4th November 1915 a scale costing Rs.18,500/- is proposed. In a subsequent communication dated 18th November the Swamigalu requests that some provision may be made which will enable him to distribute presents to learned Pandits visiting the Matha and also refers to a provision for the celebration of Chaturmasya Vrata which had been omitted by inadvertance.

4. The comparative statement (A) exhibits at a glance the existing scale of expenditure under the various heads and the proposals now submitted for sanction. The increase under establishment is Rs.150-11-2 a month but it is really very much less, if the Padi (rice allowance) which was being paid to the staff out of the Santarpane allotment, is also taken into consideration. The number of employees and servants is reported to be not capabl

of reduction and the scale of pay is not pitched too high. Under Nityakatle, there is a substantial increase of Rs.200/- a month but it is urged that it is the lowest figure on which the feeding of the Matha can be conducted in the traditional style. The Swamigalu is very particular on this point and he intends to feed the Pandits and Vidyarthis also at nights.

5. In the new scale, provision is made for the establishment and maintenance of a Sanskrit Patasala attached to the Matha and the expenditure of Rs.2000/- a year on this account is commendable. In the sanctioned scale a sum of Rs.246/- is provided, excluding the provision of Rs.25/- a month as pocket money for giving presents to visiting Pandits. This latter provision is also proposed to be retained.

6. There is an increase of Rs.30/- per month under pensions. The provision includes two scholarships tenable for some years for the benefit of the son of the present Swamigalu and the son of the late Swamigalu. When these scholarships cease, the expenditure under pensions will be reduced to the amount in the existing scale.

7. Under Annual Charges, the present sanctioned expenditure is Rs.919-4-6 to which must be added a sum of Rs.320-11-6 which has regularly been sanctioned for additional expenditure required for the Mahasamaradhane. In the proposed scale, a sum of Rs.2254-14-0 or Rs.1335-9-6 in excess has been provided, partly for the celebration of the Mahasamaradhane in a scale befitting the high respect in which the late Swami alu was being held and partly for the due celebration of various festivals and Punyadivasas including that of the father of the present Swamigalu. A sum of Rs.120/- a year has also been newly provid ed for on account of contingent charges.

8. In addition the Swamigalu has further promised to pay an annual donation of Rs.1000/- to the Brahman Education Fund which has been started in Mysore and in his Srimukha No.1320

dated 3rd July 1915 he has requested sanction of Government for the appropriation of this amount. The matter will be submitted to Government for orders separately but it is mentioned here as an item of expenditure for which provision will have also to be made.

9. The Matha has also to meet certain other items of expenditure for conduct of worship and maintenance of buildings outside Sosale and has besides to maintain an establishment to manage its concerns. The total cost under these heads comes to Rs.2641/- annually at present and may have to be increased to some extent when revision proposals are taken up. A provision of Rs.3500/- per annum on this account appears to be quite ample.

10. It will thus be seen that the estimated expenditure of the Matha including all items will come up to Rs.23611/- per annum. Against this, the net income of the Matha may safely be estimated at Rs.~~28,114~~ 29042/-. Statement B hereto appended shows the details and the ~~gifu~~ figures adopted represent the average actual collections less incidental cost. The present proposals will thus result in an annual surplus of Rs.~~4500~~ 5431/- and this, it is hoped, will be augumented by a continuation of the present careful management. In this connection it may also be mentioned that some substantial addition to the income will be forthcoming when certain other properties now in the mortgagees' possession are redeemed. Negotiations are now afoot to redeem two such properties which will bring an income of nearly Rs.2000/- annually.

11. At the time of the last revision the income of the Matha was estimated at Rs.16,972/- and the sanctioned scale of expenditure was fixed at Rs.13,372/- leaving a surplus of Rs.3600/- Partly owing to the redemption of mortgaged properties and partly owing to careful management, the income

of the Katha has had a substantial increase and there is also at the credit of the Katha a respectable surplus. Under the circumstances, I beg to recommend that the proposals now submitted for the revision of the scale of establishment in the Katha may be sanctioned.

I have the honour to be,

Sir,

Your most obedient servant,

Muzrai Superintendent.

A.

Government Proceedings No. 2743-5/ Muz.F.398-09 dated 14th May 1910 fixing a scale of expenditure in the Sri Vyasaraya Matha at Sosale now under Government.

~~ORDER IN THIS DEPARTMENT No.~~
Management.

Paper under this ref

2. Letter No.682 dated 23 November 1915 from the Muzrai Superintendent in Mysore forwarding certain Srimukhas received from the Sri Swamigalu representing the

over

SUBJECT.

GPB—50,000—1-12-12

inadequacy of the existing scale of expenditure in the Matha and submitting proposals for the revision of the scale of expenses in the above institution.

Order thereon:- 1780-2 Encl file Dy 29.1.916

It is observed that the present proposals involve an increase of Rs.7657-15-6 over the existing scale of expenditure in the Matha; but the income of the institution has also improved largely owing to the more regular administration under Government management and there will still be sufficient savings annually from the income to meet the nonrecurring charges of the institution.

2. Many of the items (increased to pay of servants etc) are due to increased scale of wages and prices and even the revised rates are low enough. The allowances to relatives and dependents of the present and past Swamijs do not also appear to be extravagant. The increase in the matter of Samaradhana is somewhat large, but the Swamigalu seems to somewhat of a liberal turn of mind in matters, and according to usages of

G.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form.)

Mathas and orthodox opinion, expenditure in this direction is highly commended. The increased provision made for Pathasala and Pundits and pupils is all in the right direction.

3. As the scale now proposed is well within the means of the institution and is otherwise suitable, Government are pleased to sanction the same as per statement hereto annexed. The Comptroller is requested to arrange for payment at the Taluk Treasury.T.Narsipur on bills prepared and presented by the Swamigalu as regards items mentioned in I.A.(Establishment) II.(Nityakatle) and III.(Annual charges under the month in which they fall due). As regards expenditure under Patasala I.(b) and allowances I.(c) payment will be made on bills countersigned by the Muarai Superintendent.

4. The Muzrai Superintendent is requested to see that the cash grant from the Travancore Government is regularly

dited to the Matha Funds and that earl steps are taken for the redemption of the Matha properties still under mortgage. As the income of the Matha consists largely of profits from landed properties, every care should be taken to see that they are properly managed and that sufficient fund is accumulated for the early restoration of the Matha buildings at Sosale.

Scale of Expenditure in the Sri Vyasaraya Matha.

No. 1780-2 Muz. 266-15 2, dated 29th January 1916.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 2743-5—Muz. F. 398-09, dated 14th May 1910, fixing a scale of expenditure in the Sri Vyasaraya Matha at Sosale now under Government management.

2. Letter No. 682, dated 23rd November 1915, from the Muzrai Superintendent in Mysore, forwarding certain Srimukhas received from the Sri Swamigalu representing the inadequacy of the existing scale of expenditure in the Matha, and submitting proposals for the revision of the scale of expenses in the above institution.

Order No. 1780-2—Muz. 266-15-2, dated 29th January 1916.

It is observed that the present proposals involve an increase of Rs 7,657-15-6 over the existing scale of expenditure in the Matha; but the income of the institution has also improved largely owing to the more regular administration under Government management and there will still be sufficient savings annually from the income to meet the non-recurring charges of the institution.

2. Many of the items (increases to pay of servants, etc.,) are due to increased scale of wages and prices and even the revised rates are low enough. The allowances to relatives and dependants of the present and past Swamis do not also appear to be extravagant. The increase in the matter of samaradhana is somewhat large, but the Swamigalu seems to be somewhat of a liberal turn of mind in such matters, and according to usages of Mathas and orthodox opinion, expenditure in this direction is highly commended. The increased provision made for Pathasala and Pandits and pupils is all in the right direction.

3. As the scale now proposed is well within the means of the institution and is otherwise suitable, Government are pleased to sanction the same as per statement hereto annexed. The Comptroller is requested to arrange for payment at the Taluk Treasury, T.-Narsipur, on bills prepared and presented by the Swamigalu as regards items mentioned in I. A. (Establishment) II (Nityakatle) and III (Annual charges) under the month in which they fall due. As regards expenditure under Patasala I (*b*) and allowances I (*c*) payment will be made on bills countersigned by the Muzrai Superintendent.

4. The Muzrai Superintendent is requested to see that the cash grant from the Travancore Government is regularly collected and credited to the Matha Funds and that early steps are taken for the redemption of the Matha properties still under mortgage. As the income of the Matha consists largely of profits from landed properties, every care should be taken to see that they are properly managed and that sufficient fund is accumulated for the early restoration of the Matha buildings at Sosale.
